		Wildland Fire in Jeffco SW	2	1	V RED SW
		Wildland Fire in Jeffco NW	3	1	V RED NW
		USFS Pike NF - Rox adjacent	15	2	NEW S PLATTE RD
		USFS Pike NF - Further W&S	15	3	NEW S PARK RD
		USFS Pike NF - W of El Paso	15	1	NEW PIKES PEAK RD
	Medical	Medical Helicopter - VHF	1	4	VFIRE 21

Duplicate Programming for Wildland: Zones 1 and 3 have been programmed with the channels necessary to operate on a Wildland Fire in our district, including incoming mutual aid partners. The two zones match to allow the use of the A/B/C switch on the radio. Zone 30 is also still programmed for initial Attack use, and is a great option for more in-depth needs of a rapidly expanding incident, if needed.

For communications in Waterton Canyon... Crews set mobile radios in vehicles to CO_SMPX1 (Zone 1 or 3- Channel 11). Officer talks to District Chief on this channel. District Chief parks part-way down Waterton Canyon monitoring CO_SMPX1 to relay messages out on CO REDSW (Zone 1 or 3-Channel 9).

800 MOTOROLA	ZONE
27	27-NCRSW
1	GOLD 1
2	RED SW
3	7FIRE63D
4	7FIRE64D
5	7FIRE83D
6	7FIRE84D
7	BLUE SW
8	7LAW61D
9	7LAW62D
10	7LAW81D
11	7LAW82D
12	GREEN SW
13	7MED65D
14	7MED66D
15	7MED86D
16	8CALL90D

VHF	ZONE 1	When would we use this?
WMFR IA		
1	V RED SW	interoperability w/neighbor agencies, CMD
2	MESTAAEH	USFA Repeater - Direct to NOCO Dispatch
3	VCALL10	VHF hailing - STAGING
4	VFIRE21	interoperability - A/G (Medical)
